House Committee on Transportation and  
Infrastructure  
Washington, DC 20515

The Honorable Sam Graves  
Ranking Member  
House Committee on Transportation and  
Infrastructure  
Washington, DC 20515

Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the 222 from 61 to BUS 222 Project in surface transportation reauthorization legislation.

The project sponsor for this project is Pennsylvania Department of Transportation and the project is located between Muhlenberg and Ontelaunee Townships, in Berks County, PA.

The funding is designated for resurfacing of US 222 from PA 61 to Business US 222 (5<sup>th</sup> Street Highway). Work will include roadway concrete patching and diamond grinding and bridge preservation activities on 6 structures in Muhlenberg and Ontelaunee Townships, Berks County, PA.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: US 222 is a Principal Arterial serving Berks County and eastern Pennsylvania. It is extremely important for both commercial and personal uses and is part of the designated National Highway System (NHS). Maintenance of this roadway and bridges addresses known deficiencies and extends the roadways service life.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Dan Meuser".
