The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
1036 Longworth HOB  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Grafius Run Stormwater Recapture Project for Fiscal Year 2027. The entity requesting funding for this project is the City of Williamsport located at 1550 W 3rd St, Williamsport, PA 17701.

The funding would be used to upgrade stormwater infrastructure along Grafius Run by installing enhanced debris control and automated trash rack systems at culvert locations where the stream transitions to an underground system. The project is an appropriate use of taxpayer funds because it will improve stormwater management, reduce debris accumulation that contributes to upstream flooding, and ensure more reliable recapture and conveyance of stormwater through the city's existing storm sewer system.

This project has a Federal nexus because it is for the purposes authorized in 33 U.S.C. 1383(c) (Section 603(c) of the Clean Water Act).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Dan Meuser".
